

Lenovo Professional(4Y41K04068)

Lenovo Professional - Keyboard - wireless - Bluetooth, 2.4 GHz - QWERTY - US English - key switch: Scissor-Key - grey - brown box

Discover the Lenovo Professional keyboard, a versatile and ergonomic solution designed to enhance your productivity and comfort. This keyboard features both 2.4 GHz wireless and Bluetooth connectivity, allowing you to easily connect and switch between multiple devices without the hassle of wires. The adjustable height and chiclet-style keys offer a comfortable and responsive typing experience, ideal for long hours of work. With scissor-key technology, each keystroke is quiet and precise, ensuring minimal disruption in open office environments. The keyboard is equipped with 104 keys, including P1 to P4 hot keys for quick access to essential functions, and a numeric keypad for efficient data entry. It's not just about performance; this keyboard is also built to last, with a key life span of 10 million clicks and compliance with FSC standards, highlighting Lenovo's commitment to quality and environmental sustainability. Enhance your professional workspace with the Lenovo Professional keyboard, designed for reliability, comfort, and productivity.

Key Selling Points

- Wireless and Bluetooth connectivity for easy switching between devices
- Adjustable height and chiclet keys for enhanced typing comfort
- Scissor-Key technology for quiet and responsive keystrokes
- 104 keys layout with dedicated P1 to P4 hot keys for instant access to functions
- Environmentally friendly with FSC certification and a durable design

Product Features

- Effortless connectivity**
With dual interface options, including 2.4 GHz wireless and Bluetooth connectivity, this keyboard offers the flexibility to switch between devices seamlessly, making it perfect for multitasking in a professional setting.
- Comfortable design**
The adjustable height feature and chiclet-style keys provide a comfortable typing experience, reducing strain during long work sessions. The scissor-key mechanism ensures responsive and quiet keystrokes.
- Durable and reliable**
Built to last, the Lenovo Professional keyboard has a key life span of 10 million clicks, ensuring reliability and performance. Additionally, its compliance with FSC standards reflects a commitment to environmental responsibility.
