Product Features

Reliable wireless connection

Say good-bye to cords and enjoy the freedom and convenience of wireless-fast data transmission and virtually no delays or dropouts (up to 10 meters).

Carry-around mouse

With built-in storage for the receiver, the mouse is always ready for use in any work environment.

24-month keyboard and 12-month mouse battery life plus auto-sleep

Offers long-lasting battery life to minimize downtime and the cost and hassle of changing batteries. Auto-sleep and on/off switches reduce power consumption to further extend battery life.

Logitech receiver and internal storage compartment in mouse

The small receiver stays plugged into the laptop's USB port for easy, convenient, and clutter-free connectivity and can be stored in your mouse to reduce the risk of damage or loss. Users can add up to six devices to one USB port.

Keyboard short-cuts

Save time with eight keyboard hot keys, which provide instant access to most-used applications like email, Internet and volume up/down.

Feel-good typing

A full-size, spill-resistant keyboard with low-profile, whisper-quiet keys, F-keys and a number pad is comfortable, convenient, and built to last for easy use.

Contoured mouse design with laser tracking

Provides all-day comfort and smooth and accurate tracking.

Plug-and-play simplicity

Setup takes seconds - you simply plug the wireless receiver into a USB port on your computer and start using your keyboard and mouse right away without software.
