

Logitech Wireless Keyboard K270(920-003736)

Wireless Keyboard K270 International NSEA Layout

Reliable wireless - wherever you use your keyboard - thanks to the Logitech Unifying receiver that pairs with up to six Unifying-compatible mice and keyboards.

Key Selling Points

Small wonder

Logitech Unifying receiver - the tiny, wireless receiver that stays in your laptop and lets you add devices as you need them.

Just one touch

You can do more, faster with eight hot keys for instant access to music, e-mail and more.

Charged and ready

With intelligent power management, you can go years without replacing the batteries.

Product Features

Logitech Unifying receiver

The tiny wireless receiver stays in your laptop - there's no need to unplug it when you move around - and connects your keyboard.

Advanced 2.4 GHz wireless

So you can work or play in more places - like your comfy couch - the wireless connection virtually eliminates delays, dropouts and interference and gives you range of up to 10 meters (33 feet).

24-month battery life

You'll enjoy less hassle with a battery life of up to 24 months. Auto standby helps you save energy.

Eight hot keys

The things you do most are right at your fingertips with eight hot keys for instant access to the Internet, e-mail, play/pause, volume and more.

Plug-and-play simplicity

Setup takes seconds - you simply plug the wireless receiver into a USB port on your computer and start using your keyboard right away without software.

Full-size layout

The sleek keyboard saves you space without sacrificing comfort thanks to the familiar, full-size layout - including number pad - and wide, curved space bar.

Spill-resistant keyboard

Liquid drains out of the keyboard, so you don't have to worry about ruining your investment with accidental spills.

Durable, UV-coated keys

The special coating protects the keys from fading so you can see what you're typing for years to come.
